

ST. LUCIE COUNTY FERTILIZER ORDINANCE TAKES EFFECT JUNE 1

St. Lucie County is reminding all residents that the county-wide fertilizer ban goes into effect June 1 through September 30.

Fertilization with Nitrogen or Phosphorus is prohibited during this period (June 1 – September 30).

October 1 through May 30- ALL fertilizer application products must contain at least 50 percent slow-release Nitrogen and 0 percent Phosphorus (unless soil test indicates deficiency).
